

LUXURY LIVING

A woman with long, wavy brown hair, wearing a vibrant red strapless dress with a large floral detail on the bodice and ruffles on the skirt, is seated on a dark wood chair with a checkered cushion. She is smiling warmly at the camera. Behind her is a large, ornate painting of two young girls in white dresses, one standing and one sitting, in a soft, painterly style. The background wall is light-colored with decorative molding.

For Goodness Sake

To create the quality sound of the EX-A1 (\$550), JVC engineers soaked birch wood in sake to make it malleable, then formed it into speaker cones. The result is a system that sounds as good as it looks.

Out of the Box

The unconventional style of the 101E Radialstrahler is the key to its beautiful sound. Since the speaker is not encased in a box, sound is projected in all directions, mimicking the acoustics of a concert hall. \$44,900 a pair.
