

## Tailored Solutions

### TAILORED SOLUTIONS – THE CHOICE IS YOURS

All ad notam® products are customized to your individual desires. ad notam® offers the unique option of smoothly merging custom-made glass with a multimedia monitor system to attain brilliant, crystal-clear images that look like they spring directly out of the glass.

ad notam® also allows for extraordinary self-expression: sand-blast your identity on the mirror, print your message on the colored glass, or specify individual shapes to fit your design requirements. When customization is finalized you get your own unique product, made by ad notam. The only limit is your imagination.

You are welcome to configure your personalized creation at your own time on our website:
