# ASCENT SERIES

## EXPECT NO COMPROMISE

The Lighted Mirror TV ASCENT raises the quality and usability of a Lighted Mirror TV to the highest degree. A mirror with natural colors with the TV off; a 13" infotainment system; a stunning 32" display!

Choose the perfect complement for your interior design.

### ADJUSTABLE IMAGE AREA

Combines a fully-fledged 13" vanity mirror and a 32" MIRROR IMAGE® Display in a single device. Position the window and change from 13" to 32" picture size.

### TOUCH KEYPAD

Adjust your picture size with a single touch. 5 buttons embedded into the face of the mirror to have everything under "touch" control!

## ILLUMINATING ILLUMINATION

### REAL LOOK

Light sources with a high CRI are desirable in color-critical applications such as your make up for a perfect look.

We offer the highest possible industry standard for LEDs with a CRI value of more than 90.

Color Rendering Index (CRI)  
Industry Standard CRI 60

Color Rendering Index (CRI)  
**ad notam** Standard CRI 90

Lighting Color  
3.100K Warm White

Lighting Color  
4.100K Neutral White

Lighting Color  
5.100K Cold White

### LIGHT COLOR

We give you confidence. With our luxury LED lights you can select the color that best matches the environment you're preparing for – outdoors, indoors, or evening - in a range between 2700K to 6500K.

### LUMINANCE

We offer the densest LED bulbs count per meter, resulting in the highest quality and brightest possible lighting to fulfill your tasks.

And best of all: dim the illuminance according to your wishes with a fingertip via the touch keys inside the mirror .

Lumen Output  
Market Standard 60 to 80 LED Bulbs per meter

Lumen Output  
**ad notam** Standard 240 LED Bulbs per meter

### LONG LIFETIME

**ad notam** only uses LEDs that have an effective lifespan of at least 50,000 hours.

# ASCENT SERIES EVEN MORE FEATURES

We have thought of everything, so that your bathroom mirror is always ready for use.

Get ready for the day ahead with a perfect look!

## IN-MIRROR TOUCH CONTROL LIGHTING & DISPLAY CONTROL

The easy to use Touch Control is seamlessly integrated into the mirror. Change the settings of your mirror at the touch of your fingers - no need to look for a light switch or a remote, simply direct your touch to the elegant touch keys on your mirror and enjoy the rare and elegant combination of style and comfort.

Several preset light levels that match your common lighting needs are available, such as

- 100 % Bright lighting to help you with tasks
- 60 % Standard lighting to illuminate your room
- 20 % Soft lighting for a relaxing atmosphere

## DIRECT ILLUMINATION

Forget shadows and insufficient light on the lower face and neck; ad notam direct illumination places sufficient lights on the hairs, face and neck for an optimal make up.

With our direct illumination technology you get the brightest possible lighting for your mirror. Compared to other lighted mirrors, we achieve up to 100 % more Lumen Output or vice versa less power consumption for a defined Lumen Output.
